

Marquee Goes Global

Discover how FactSet's global news and quotes application, Marquee, is bringing the world markets closer to you in real-time!

- Monitor streaming global security data in real-time
- View intraday absolute or relative portfolio performance
- Apply advanced news search and profiling options
- Specify criteria to receive alerts for news and quotes
- Access the full application in the office, at home or on the road

Join FactSet in the following locations to learn how FactSet has married streaming news and quotes with historical research to deliver a solution that more accurately reflects your business workflow:

| | |
|-----------|-----------------|
| Frankfurt | 31st March 2005 |
| Amsterdam | 1st April 2005 |
| Paris | 5th April 2005 |
| London | 7th April 2005 |
